

EDGE Expert Online On-Demand Training

GBCI's EDGE Technical Online Workshop prepares [EDGE Expert candidates](#) to successfully pass the EDGE Exam and understand the EDGE standard, utilize the software application, and navigate the EDGE certification process.

The online course consists of five on-demand sessions, with quizzes, a practical exercise, and other interactive features and resources.

The course is \$150 USD and is conducted in English. You will have full access to the course, including exam study and sales resources, for one year after purchase. The course is also eligible for 8 CE hours to maintain your LEED professional credential.

- ☑ Qualify to sit for the EDGE Exam and successfully prepare with session quizzes and exam study tips
- ☑ Become an expert at using the EDGE Software with a practical exercise
- ☑ Learn how to sell EDGE to local developers and owners
- ☑ Gain access to GBCI sales resources to help you bring EDGE to your local market
- ☑ Receive one year of access to all course resources
- ☑ Learn at your own pace, whenever and wherever you like
- ☑ Earn 8 Continuing Education (CE) hours for your LEED professional credential
